ISSUE 14 Friday 16th December

**Life creates new heroes, and new heroes always
find it easiest to beat up on the previous heroes.**
Lech Wałęsa

Dear Parents,

And so the first term of 2016-2017 draws to a close and we all look forward to the holiday break as a time of rest and relaxation. It has been a very busy final week at school with a range of events. The secondary school journeyed to Kraków to attend our sister school's musical: The Little Shop of Horrors. It was a very enjoyable outing and it strengthens our bonds with our sister school. I thank Mr Sitkowiecki, Mrs Zajac, Mrs Mrozowska and Mr Carr-de Avelon for accompanying the group.

On Tuesday afternoon we were all treated to a wonderful spectacle as the primary school presented its Christmas production. This was a thoroughly enjoyable event and I salute the

BRITISH INTERNATIONAL SCHOOL WROCLAW

NEWSLETTER

WEEKLY SCHOOL INFORMATION, EVENTS AND NEWS

pupils, their teachers and especially Mr. Posluszny, Music Teacher, for his hard work in coordinating this project. I also thank Mrs. Lee in the Art Dept. for help with the props and to the many others who helped with costumes and design.

On Wednesday we enjoyed the foundation performance of their Christmas show and this was another excellent spectacle. My thanks to Ms Luczkowska and Ms Tomasiak for all their work here.

In addition, my thanks to the PTA for all their work on the bazaar and Szlachetna Paczka and we are sad to say goodbye to Ineta Kiml who has worked so diligently with the PTA in recent years.

As the school celebrated the holiday season Poland marked the 35th anniversary of the imposition of Martial Law where the country's constitution was suspended and the army took to the streets. For some historians this decision is seen as a rational response to the possible threat of a Soviet invasion that would have led to much bloodshed and terror; this had been the response in Hungary in 1956 and in the then Czechoslovakia in 1968. For others this was a cynical step by the communist authorities to crush the Solidarity movement and led to imprisonment, restrictions on civil liberties, incidents of torture and killings, economic

sanctions, food shortages and the emigration of a generation who saw no future in Poland. Others see the move as the first domino in the eventual dismantling of communism in Central Europe; Solidarity survived this repression and this finally led to partially free elections in 1989.

As we celebrate our Christmas events and savour the special joy of a Polish Christmas, we pay tribute to the heroes of the very recent past in Poland whose peaceful resolve, determination and courage brought freedom and democracy to this country and indirectly led to the development of international communities like ours in Wrocław. Change only comes through courage.

Thus as we face into the deep mid-winter, as the nights lengthen and darkness prevails, as the tumultuous year of 2016 draws to a close, let us hold dear to the truth of the Christmas season when the birth of a baby brought hope and inspiration. May 2017 be a year of hope, courage and inspiration for you all.

Best regards,
Tom McGrath
Head of School

News from Head of Primary

The last week of the autumn term, as well as the last working week of the year 2016, has inevitably come. This eventful week saw two fabulous concerts, some Christmas-related activities, loads of parties and even a trip!

I would like to express my gratitude to our BISC Community.

First of all, I would like to thank the teachers for a very successful first term, filled with challenging lessons, creative ideas and new approaches. Your passion and care makes BISC a unique school. Still upon the Concert theme – special thanks to Mr. Maciek and Hye Seung Lee.

Secondly, a big clap to all the pupils. You would not believe how many times people from outside the school commented on how well-behaved, talented and committed you are. You have shown it during trips, tournaments, lessons and concerts. We are proud to be your teachers!

Thirdly, I would like to thank all the Parents for supporting our activities, being there for the children and sharing your thoughts on the school's progress with us.

Another huge THANKS goes to PTA who tirelessly create exciting events and take good care of the school charity – we know how much time and effort it costs!

And last, but certainly not least, I would like to say “thank you” to the ancillary staff who are on duty every day, ready to keep the school clean, fix things, help in the garden, sew curtains or costumes and much more!

Finally, it is time for the Stars. The last Stars for the Autumn Term 2016 are:

Foundation Bees and Bears - all Bees and Bears

Year 1 Rabbits - all Rabbits

Year 2 Dragonflies - Nicolas and Jaime

Year 3 Foxes - Emir, Seinosuke, Cameron and Jihyo

Year 4 Owls - all Owls

Year 4 Shoebills - all Shoebills

Year 5 Coyotes - Nohyeon and Kazuho

Year 6 Wolverines - Fernando, Ji Sung, Sang Eun

Wishing you a restful holiday and all the best in the upcoming year 2017,

Anna Witańska
Head of Primary

News from Head of Secondary

It has been another fine week here at BISC. Students ventured to Kraków on Tuesday to watch a wonderful theatrical performance by students from our sister school. Our students were quite impressed with the stage decorations and the actors themselves. A good time was had by all.

Some of our secondary students will be leaving our school after this week to seek new challenges. I hope they enjoyed their time here at BISC, and I would like them to know that they will be missed by all.

I hope everyone enjoys the holiday break and has a chance to spend more time with family and friends.

Have a Merry Christmas and a Happy New Year!

Joe Peck
Head of Secondary

News from Polish School

„Świat jest teatrem, aktorami ludzie...”

Czyżby William Szekspir odwiedził w tym tygodniu naszą szkołę? Czyżby to on przemienił poważną placówkę edukacyjną w bajkową scenę teatralną, na której aż roiło się od śnieżynek, aniołków i bożonarodzeniowych elfów?

Widocznie tak się stało, gdyż w ostatnich dniach nikt nie pozostawał wobec sztuki teatralnej obojętny. Każdy odegrał w niej swoją własną, mniejszą lub większą rolę.

Podczas gdy młodszy uczniowie czarowali publiczność w klubie muzycznym Firlej przy ulicy Grabiszyńskiej, ci starsi wybrali się w poszukiwaniu artystycznych doznań do Krakowa. Wrażenia były niezapomniane, szczególnie dla Borysa, który ledwo uszedł z życiem z paszczy krwiożerczej rośliny...

Na szczęście wszystko dobrze się skończyło i już niedługo, bo w lutym, znowu wybierzemy się do teatru. :)

Życzę wszystkim ciepłych i rodzinnych świąt.

Dyrektor Szkoły
Magdalena Mrozowska

Spotlight on Year 12

It has been a busy term for Year 12 students, as they have started their A-levels. They have had a chance to study selected subjects at greater depth than ever before. Please, find below some thoughts on their choices.

Justyna Zajac

Year 12 Form Tutor

This year has been a very important year for me, as I had to choose the A-level subjects for my further studies. After a deep contemplation, which also included reflection on my IGCSE results, I decided to continue with 4 subjects. The subjects are: Spanish, Biology, Geography and Mathematics. These seemed to be the most attractive, because they are the most interesting subjects for me. However, the most influential reason to choose them is the fact that they are all considered as my priorities in Korea, where I am going back to soon. All of them are equally essential for me, however the one which I put my whole heart in (at least I think so) is Mathematics. I like it, because the curriculum here is almost the same as it is in Korea. The level is different, but I believe that it was a perfect choice as I can learn the basics at least.

The difficulties which I have faced while learning Year 12 subjects have occurred mostly due to the fact, that the level of questions and content have increased a lot compared to IGCSE. But I really enjoying being in 6th form community and I am very sad about going back to Korea.

Jooyong Park

I am currently studying 5 AS subjects, and one of them is Chemistry. I always had a passion to study and work in scientific fields, and decided that Chemistry will give the widest range of jobs and various paths for my future than any other science subjects. Since it is combined with almost every single scientific area, I could learn essential skills and knowledge needed in numerous practical/academic careers. Contrasting to how anxious and nervous I was when I was just about to choose my A-level subjects, I'm now very confident and happy of my decision.

The nicest part I find in the Chemistry course is the special laboratory in Wroclaw University. We go to the university lab once a fortnight, and spend three whole class hours there. Many interesting experiments which cannot be conducted in the school lab, because of dangerous chemicals or complicated instruments, are all possible there! Even more fascinating is, that each pupil can take as much time as they want in each of the stages, since there are only two students on the chemistry course now! Although it's true that we have to manage having our breakfast 1-hour-earlier every lab day, but still it is cool. However, no matter how interesting the whole course is, the work itself is certainly quite challenging. The topics have got much deeper and wider, and the whole material is massive. The main difference with GCSE science is that AS chemistry is only dealing with a single subject. The class time itself is more or less the same as in Y11, but the content is much more dense and detailed and so is the lecture. Naturally, I should put more effort than I've ever done before.

Spotlight on Year 12

That was briefly about my AS Chemistry at the moment. I hope that this could be helpful and interesting information for all my BISC schoolmates.

Jaerin Lee

Eunjih Park

When I first heard about choosing A-level subjects, I thought it was going to be the far future, as I was preparing for IGCSEs. However, after having busy exam weeks, it was already time to slowly think about A-levels.

It was really difficult to make decisions, because I had to choose subjects based on what I would like to do in my further studies. It would be bad if I had chosen unnecessary subjects. Therefore, I have chosen 4 subjects, which are: Mathematics, German, Geography and Economics. My first choice was to take tourism instead of geography, but the exam required group work, so, against my will, I had to give up on tourism. In the end, it was quite depressing to change one subject, but I don't regret my decisions and I enjoy the subjects that I am doing right now. I suppose there will be more difficulties later on, but I will try my best to overcome all the problems.

This academic year I have decided to take Economics, Maths and History as my A-level subjects.

I would like to focus on History. I have chosen to study it, because I'm interested in History and if I go to a Japanese university, I need it. I'm learning about 'International Relations and Global Conflict '890-1941' and the 'British Empire'. In the first part of the course I'm learning about the political structures of the great powers, economic strengths and armed forces, many conflicts related to colonies and so on. In 'British Empire' I'm learning about the influence of Britain all over the world.

Learning History is big challenge for me, because I don't have enough knowledge of English and I'm learning it alone. However, Mr Alex is very kind to me, I'm helped by him a lot. I'll try to study English harder and harder, I want to understand History more deeply.

Asana Higaki

BISC Creative Pupils

For the six years, we have taken part in the Creative Writing and Visual Arts International Contest organized by the Torrance Legacy Committee.

Dr. E. Paul Torrance, known around the world as “the Father of Creativity,” dedicated his life toward ways to assess creativity of children and adults. His nearly 60 years of research became a huge springboard from which much of the research in the field of gifted education originated. Dr. Torrance was the author of the Torrance Tests of Creative Thinking (TTCT), and his creative legacy continues to influence the lives of students worldwide through his Future Problem Solving Program, with 300 000 participants each year.

Through the efforts of Mrs. Schier for creative writing, and with Mrs. Lee for visual arts many BISC pupils entered the competition in 2016. And once again BISC excelled in the competition and we are pleased to announce the following winners.

The winners for Creative Writing are:

Creative Writing - Ages 8-10:

Stories - Second Place - Kotono Oshimbe “The mysterious forest”

Creative Writing - Ages 11-12:

Stories - Third place - Johannes Storbjörk “The water droplet story”

The winners for Visual Arts are:

Visual Arts - Ages 8-9:

First Place - Shinun Oh “Next step forward” and Juseong Park “Sea sunrise”

Second place - Seoin Kim “Royal family breakfast”

Third place - Taehun Lee “Spaceship”

Visual Arts - Ages 10-11:

Second place - Nada Mikati “Butterfly world” and Cecilia Nicoli “A new sunrise”

Visual Arts - Ages 12-13:

Second place - Da Eun Lee “The meeting hearts”

Visual Arts - Ages 16-18:

Third place - Yezu Lee “The narrowest path in life”

My congratulations to all our winners and my thanks again to Mrs. Schier and Mrs. Lee for promoting and running this project.

Tom McGrath

2. Merry Christmas & Happy New Year:

PTA would like to thank everybody who supported and participated in all the PTA Christmas Charity initiatives. Because of your generosity and huge support, we could have great opportunities to take part in Szlachetna Paczka program for the first time and we can continue supporting the therapy of Mr. Marcin Kwasiuk's son Paweł. A very big thank you again to all parents and school staff for the support given to PTA activities so far and we look forward to your great co-operation in the coming year.

PTA wish all of you a Merry Christmas and all the best for the New Year!

Yours,

PTA
